**Start your new term with a unifying
Whole-School Community Values Dialogue**

**** Currently taking September training bookings ****

After such a turbulent 18 months, school communities need time and space to stop and focus on both staff, as well as pupil, mental health and wellbeing.

Start the year as you mean to go on by bringing together all your staff, governors, school council and a few parents in a safe space to share values and discuss how your school community would like to cultivate meaningful relationships for everyone, at the same time as fulfilling the new RSE statutory requirements.

To bring you together and reflect on your current whole-school values and RSE practice, The Big Think model uses a range of practical methods such as: Silent Sitting meditation, Values Inquiry work based on 'taught' vs 'caught' Relationship skills, Values in Action, Journaling, Storytelling and Listening skills. This work helps define and strengthen your school ethos so that everyone is working together well.
