

THE BIG THINK – EMPOWERING CHILDREN FOR LIFE

The Big Think's comprehensive, well sequenced curriculum with 88 Assembly & Lesson kits for ages 4-11 continuously adds value to **Ofsted's key categories**:

- **Leadership & Management** – cohesive, values-led approach, prioritising everyone's wellbeing
- **Quality of Education** – experiential, holistic learning gradually deepening knowledge & nurturing life skills
- **Personal Development** – maximises potential with joined-up, whole-school support for the whole child
- **Behaviour & Attitudes** – fosters character strengths, good habits & growth mindsets so children flourish

The Big Think's practical approach enhances **SMSC**:

- **Spiritual** growth, inner qualities, peace & openness
- **Moral** & ethical thinking, choices & actions
- **Social** interactions, expertise & contributions
- **Cultural** awareness, appreciation & celebrations

The Big Think reinforces the fundamental **British Values** as children consider all aspects & put them into practice:

- **Democracy** – eg fairness, equality, accountability
- **Rule of Law** – eg justice, safety, honesty, respect
- **Individual Liberty** – eg diversity, freedom, happiness
- **Mutual respect & tolerance of those with different faiths & beliefs** - eg inclusion, cohesion, harmony

The Big Think's real-life learning enriches **PSHE**:

- **Personal** understanding, knowledge & confidence
- **Social** skills & quality, meaningful relationships
- **Health** & wellbeing - mental, physical & emotional
- **Economic** – responsibilities & understanding risk

The Big Think is designed for **social, emotional, moral & spiritual growth** – *elements found to be present where intellectual advancement & academic achievement are being maximised.*
