

VALUES EDUCATION - PREPARING CHILDREN FOR LIFE AS GLOBAL CITIZENS

In September 2015 world leaders committed to 17 Global Goals for Sustainable Development over the next 15 years.

If every school in the world teaches children about these goals and progressively equips learners with life-enhancing values, skills and knowledge, this will help these young citizens to become the generation that changed the world for the better – for the good of all.

- (1) To end poverty in all its forms everywhere.
- (2) To end hunger, achieve food security and improved nutrition and promote sustainable agriculture.
- (3) To ensure healthy lives and promote wellbeing for all at all ages.
- (4) To ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.
- (5) To achieve gender equality and empower all women and girls.
- (6) To ensure availability and sustainable management of water and sanitation for all.
