

EMPOWERING CHILDREN FOR THE MODERN WORLD

Helping with Social and Emotional Learning (SEL)

My Big Feelings
Compass helps
express emotions

Calming Silent
Sitting helps to
manage emotions

Stories help discuss
others' perspectives

Class ground rules develop
communication skills

The Big Questions promote
creative problem solving

THE BIG THINK is a practical approach to empowering children aged 5 to 11 with essential social and emotional skills that are important for their success at school, at home and as engaged and informed young citizens

Helping with making consistently good choices

THE BIG THINK provides 120 values-themed lesson kits that give children positive and inspiring anchors for their thinking, decision-making and actions

Jean Gross, education expert: *"I love the way The Big Think combines oracy development and social and emotional learning – both incredibly powerful ways of increasing children's attainment and life chances. Such great resources too – books, assemblies, lesson plans and mindfulness tracks."*
